

SMARTdri®

Speed That's Smart

For those who want it all in a simple design, SMARTdri is a wise choice. It dries hands in as little as 10 seconds, which blows away comparable models.

It's energy efficient, durable, hygienic, and flexible. Users appreciate the antimicrobial technology, adjustable controls set to their comfort, and quieter sound quality. Contractors find it easier to install with control options suitable for any application. And while it may be compact, you can expect it to withstand a high-demand environment.

Best of all, it's efficient, using 80 percent less energy than conventional hand dryers. Every model is backed by a 5-year warranty for added peace of mind. Choose between a multi-port nozzle or a focused high-intensity nozzle.

SMARTdri Plus

Single-port nozzle delivers a focused dry

SMARTdri

Multi-port nozzle delivers for a comfort dry

Fast Dry Time

Dries hands in as little as 10 seconds

Hygienic

Enhances sanitation with antimicrobial technology

Energy Efficient

Uses up to 80% less energy than conventional hand dryers

Flexible

Adjusts between on/off heating and 3-speed motor controls to optimize sound, comfort, and energy usage

Custom Technology

Comes available with a single-port nozzle (SMARTdri Plus) or multi-port nozzle (SMARTdri) to accommodate ranging drying preferences

Extended Life

Lasts up to 3 times longer than the competition with industry-leading motor

Simple by Design. Smart Technology.
